

Product Highlights

- Complies to IEEE 802.3u standards
- Ease of Installation and Use
- Auto negotiation of Speed and Duplex
- Settings on TX port.
- LowCost

100M Media Converter

Features

Built in a 2-port switch:

- Supports modified cut-through frame forwarding packet forwarding system
- Supports flow control for full and half duplex operation; Auto negotiation of speeds and duplex modes on twisted-pair.
- Bandwidth control
- Forward 1600 bytes packet for management

DFE-855 series media converters transform the transmission of 10/100 BASE-TX Ethernet twisted-pair signals to 100BASE-FX fast Ethernet fiber signals. Maximum fiber cable distance up to 120 kms for single-mode and up to 2 kms for multimode fiber can be achieved. It has SC type fiber optic connector and shielded RJ-45 for Ethernet.

Easy to Use

- Supports IEEE802.3u 100BASE-TX, 100BASE-FX (Fast Ethernet, 100Mbps)
- Built in 128Kb RAM for data buffer
- Supports auto MDI-MDIX function
- Supports link fault pass through function (LFP)
- Supports far end fault function (optional)
- LED display for link/activity, full/half, 10/1 QOM
- Easy Management
